

# Migun. It's more than a massage.

## It's the best of the east and west.

The ultimate therapeutic innovation created through global collaboration.

All massages are not the same. The Migun Thermal Massage System is the culmination of a new medical era. The result is a synergy between the holistic approaches of Eastern Medicine, the science based methods of Western Medicine and the advanced technology of Migun's extraordinary system to create the most comprehensive massage in the world.

### TRADITIONAL EASTERN MEDICINE

Traditional Eastern medicine has discovered that particular points on the body are connected and correspond to various organs. The majority of these pressure points are located near the spine. Grounded in the principle that good health depends on the proper flow of a vital life energy called Chi (Qi), the stimulation to specific body points recharges life force while returning proper balance.

Migun's unique process targets these pressure points with a precise but relaxing massage from our jade massage heads. The experience offers many of the similar therapeutic benefits that one would obtain from an acupressure or acupuncture session.

### MOXIBUSTION / FAR INFRARED RAYS

Moxibustion is an Eastern medical treatment where heat is applied to specific acupuncture points. Migun's enhanced heat treatment stimulates and encourages better blood circulation and the extensibility of soft tissues. It also boosts the performance of tissue cells, encourages muscle relaxation, and relieves discomfort while releasing pollutants.

Migun's extraordinary approach also produces far infrared rays. These rays effectively deliver heat deep into the body as much as 7 centimeters deep.

### JADE / HELIUM GAS BULBS

For thousands of years, jade has been known as a mysterious healing stone in Eastern Medicine. Royal families across Asia treasured jade for its miraculous effects on the human body. Western Medicine also greatly admires the jade for its calcium and magnesium mineral deposits that are known to be anti-aging factors.

When heated by helium, the jade releases the far infrared rays. These infrared rays emit ions that are essential for the body's continued healing and natural anti-aging systems.

It's because of this priceless understanding Migun uses jade massage heads on top of helium gas bulbs. Together, this powerful combination, in conjunction with our advanced technology is the most natural way to heal your body, mind, and soul while receiving a massage you'll never forget.

### INTERNATIONAL RECOGNITIONS

Recognized as the leading thermal massage system manufacturer worldwide, Migun Medical Instrument Co., Ltd. has received numerous awards and unprecedented recognition for its industry-leading innovations.

- Established Han-Youl Energy Co., Ltd. in 1988.

- Grand Prize Award/Golden Awards/Special Award from Seoul International Invention Fair in 2002.
- Food and Drug Administration (FDA) 510K Class II clearance for HY-5000 and HY-7000 in 2003-2004.

In 1998, Migun Medical Instrument Co., Ltd. entered the U.S. market as Migun USA Corp., bringing the amazing therapeutic benefits of its Thermal Massage System to Americans for the first time. Since then, our demonstration centers have expanded throughout the U.S. with more on the way every day.

In addition to the United States, you can find Migun demonstration centers in Argentina, Australia, Brazil, Canada, Chile, Columbia, Costa Rica, Croatia, Ecuador, Egypt, Ethiopia, France, Germany, Hungary, Japan, Jordan, Kingdom of Saudi Arabia, Kuwait, Lebanon, Macedonia, Malaysia, Mexico, Pakistan, Peru, Philippines, Russian Federation, Serbia, Singapore, Spain, Switzerland, Syria, Thailand, Taiwan, Turkey, Ukraine, United Arab Emirates, Vietnam, and Yemen.

### USER EXPERIENCES

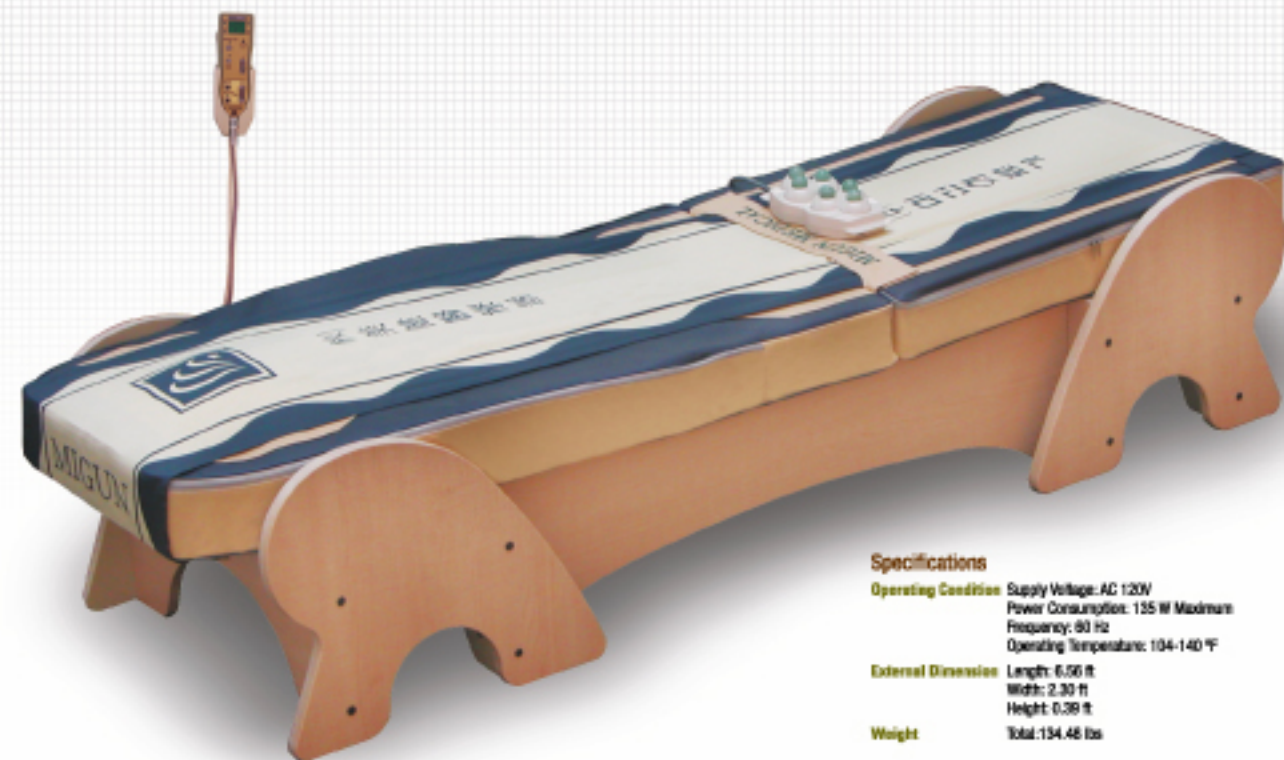

"I usually have neck pain on my left side, my shoulder, along with my arm for the past 5 years. After I come here for about two weeks, I don't feel the pain anymore. I'm a high blood pressure patient and on medication at all times. My normal blood pressure is 160 over 100. After using Migun for 3 weeks, 2-3 times a week, I went back to my doctor, and my high blood pressure had gone down to 140 over 78. And that's the lowest number I've had for years. I was shocked." - Tien Dickins

"I had diabetes, kidney problems, high blood pressure, high cholesterol, shoulder problems. I was taking 61 units [of insulin] a day, and they adjusted it to ten a day. I lost 24 pounds. My left side carotid artery was 49% occluded but now fully open. I can go to bed and sleep in any positions, more hours, longer periods of time. After a few [Migun] treatments, the pain went away." - Bob Grassick

# Timeless Classic HY-5000C

With four different modes of massage including unlimited possibilities provided from the manual hand held experience, the classic HY-5000C gives the whole family beautiful health and something to smile about. Migunize it today!

Specifications	
<b>Operating Condition</b>	Supply Voltage: AC 120V Power Consumption: 155 W Maximum Frequency: 60 Hz Operating Temperature: 104-140 °F
<b>External Dimension</b>	Length: 6.50 ft Width: 2.30 ft Height: 0.39 ft
<b>Weight</b>	Total: 154.48 lbs

### AUTOMATIC PROGRAM

#### P1 BASIC MASSAGE

For a full-length massage and therapeutic treatment specific to the back, waist.

#### P4 FINGER MASSAGE

For a deep finger pressure treatment. (Each massage head pauses at various acupressure points to provide stimulation and heat.)
